BUILDER/ARCHITECT

STATEMENT OF SIGNIFICANCE

This building occupies the Southwest corner of Park and Mulberry Streets. It is three stories high and seven bays wide on the east side, six bays wide on the north side. It is laid in common bond.

On the north side of the building, there is a double door on the extreme left of the first story. Flat, fluted, wooden pilasters frame the door and support a blank entablature topped by a dentiled cornice. There is another door on the extreme right similar to the other door, except that here the door is framed by sheet glass windows.

Penetration begins towards the right bay of the building. All windows are double hung with four-over-four lights, and are set flat-arched recesses with stone sills.

The roof cornice is bracketed; double brackets appear on each end.

On the east side of the building, the first story is arranged thus: a large plate glass window; two doors; a four light store window; and a store front of sheet glass with a recessed door in the middle.

This arrangement is topped by an entablature and a dentiled cornice, which is a continuation of the arrangement on the north side of the building.

Windows of the east side are arranged identically to those on the north side, but here they are double hung with four-over-six lights.
